

Partnership for Access to Higher Mathematics (PATH) (Mathematics)

Elementary School

PATH is not designed for elementary school mathematics.

Middle/High School

PATH has limited evidence of effectiveness for middle/high school mathematics. The one qualifying study included in this review showed an effect size of +0.47.

About PATH

PATH is a program for at-risk middle schoolers that focuses on improving curriculum and instruction with use of constructivist approaches, manipulatives, and technology.
